flooring

Walk this way...

Floors that have something to say

Now a feature of modern life, we're all getting used to being told where to wait, walk and keep apart.

In response to this 'new normal' Amtico has created a range of statement flooring designs, covering social distancing and wayfinding solutions.

As with all our Signature floors, these can be fully customised in terms of colour and message, using any of our Signature products, to give you complete flexibility and creative freedom.

These planks and tiles can be easily slotted into existing LVT floors, or incorporated as part of a new scheme. Plus they're durable, hygienic and easy to clean.

Planks

114.3 x 914.4mm / 4.5" x 36"

Tiles

457.2 x 457.2 mm / 18" x 18"

Inner circle can be rotated to any required direction.

Fulfil your creative ambition with Amtico Signature

Bold, creative and beautiful – a bespoke floor is the ultimate design statement. Thanks to our advanced manufacturing capabilities, our R&D and Design teams can work from a simple sketch or even a sample material or colour swatch to transform your unique vision into reality.

Five reasons to choose LVT for hygienic workspaces

The highly durable and hard-wearing formulation of Amtico LVT featuring our Quantum Guard® Elite urethane coating makes floors resistant to scuffs and stains, so they stay looking beautiful even after repeated cleaning.

It's ok to use bleach and antibacterial cleaner

Low VOCs for excellent air quality

Dust has nowhere to hide

Additional dressing products available for extra reassurance

It's highly water resistant

At Amtico we're here to provide support in various ways to help keep your project moving.

Begin with product.

We have thousands of **LVT** and **Carpet** products; view product swatches and roomsets online. Browse our full range of **digital product brochures** and **request free samples** delivered to home or work addresses.

Begin with design.

Amtico's brand-new **room visualiser** is now live, where you can design with both LVT and Carpet Tile, then download the CAD files and other image assets for your projects.

Be inspired.

Look at the inspiring ways Amtico has been used in **live projects** or speak to our dedicated project specialists about bespoke designs and our CAD service.

Quality assured.

Download our full technical specs, warranties, installation and maintenance documents from the **Resources section**.

Amtico makes it possible.
